### Sousa's Contemplated Visit.

Of course, everybody will go to Sousa's concert. Sousa is real—Sousa is genuine and his fame is not built on quicksands.

Sousa is an American. He was born within sight of our great National Capitol, his life has been spent in America, and his great life work is being accomplished in this country. America is his home, and Sousa is proud of his country, as America is proud of Sousa.

Not many years have passed since Sousa made his debut, and still there is not a hamlet in the far distant corners of the United States that does not know of his success.

His visit to this city on his great transcontinental tour will be hailed with delight.

In addition to his magnificent band he will introduce two charming artists—Mrs. Elizabeth Northrop, soprano, and Miss Martha Johnstone, the Swedes violinist.

The Sousa army fell on the ears of the Chinese Army in their retreat from the flying column of the Emperor of Japan, and so it is in whatever clime one visits.

Sousa is indeed, inescapable.

## MASSACRE

And Outrages on Armenians by Turks Near Bitlis.

Two Thousand Children Made Orphans and 500 Women Widowed.

Starvation Now Starts Them in the Face—They Wander the Streets Begging for Food and Clothing—An Appeal Comes from Bitlis to the World.

Chicago, Dec. 5.—Tobias G. Smith, secretary of the American board of foreign missions, who has been in this city lecturing at the Union Park Theological seminary, received Friday a copy of a cablegram which had been sent to him in his office from an American resident in Constantinople. The message conveys intelligence of recent outrages and massacres of Armenians by Turks in the city of Bitlis, and in some places remote from that city, in which 2,000 children were made orphans, and 500 women confronted with widowhood and starvation. The message which is dated December 1, reads: "Bitlis appeals to you for help of 1,000 orphans and 500 new widows, many of them in distant homes where husbands, fathers and brothers were killed before their eyes with dreadful torture. The poor children in the streets beggar for food and clothing. The missionaries exert every possible influence to be used to get means to enable them to care for the unfortunate ones. Urgency is extreme. Will you help?"

Dr. Smith said to a reporter for the United Associated Presses, just prior to his departure Friday night for Boston on the Lake Shore limited, that he had heard of another massacre in Armenia through his Constantinople correspondent, but had no definite information. He declined to make known the name of the sender of the above dispatch because the agents of Turkey have been unable to furnish him such information to Constantinople for use against the American informant.

### DYNAMITE DICK,

The Noted Indian Territory Outlaw, Dies With His Roots Out.

ORLANDO, I. T., Dec. 5.—A man hunt that has been in progress since last September, when Bill Dooley and Dick Cravens, members of the gang of outlaws, escaped from the Guthrie jail, ended in an encounter Friday near Kildare, in which Dynamite Dick was killed and Ben Cravens, another member of the gang of outlaws, was wounded. The pursuing gunners shot at him, but probably near Kildare about 8 o'clock Friday morning and opened fire. Dynamite Dick was shot and mortally wounded after running and Cravens surrendered after receiving a bullet in the right arm. There are rewards offering \$10,000 for the capture of Dynamite Dick, who is guilty of half a dozen murders, and \$300 for the arrest of Cravens.

The prisoner and the corpse will be taken to the office of Deputy Marshal Cox and his deputies, who made the capture. It is hinted that Cravens, being tired of the chase, has given information to the sheriff's men, and that he was shot down lightly. The death of Dynamite Dick removes the last of the gang of desperadoes that have terrorized the settlers in the territory since its first settlement.

### NEBRASKA DENTIST

Arraigned on the Charge of Poisoning His Young Son.

PENNSYLVANIA, Dec. 5.—J. Sidney Goodman, a dentist, is under arrest charged with poisoning his young and pretty wife. Mrs. Goodman died at her husband's office last September under suspicious circumstances, and the body was sent to her former home at Tiskilwa, Ill., for burial. A physician's certificate was secured which stated that heart disease was the cause of death. A brother and uncle of the dead woman were notified and had the body exhumed and the stomach removed, which was sent to Rush Medical College, Chicago, for examination. The coroner's jury found that the coroner's jury was that death resulted from strychnine poisoning.

The brother and uncle came at once to Pendleton and Goodman was arrested following Thursday night. Goodman was said to be well known. Relatives of his wife strongly opposed the marriage at the time it was charged that Goodman at the time was engaged to a chivalrous girl, Mrs. Goodman had \$1,000 in her own right.

### ASPERN, COLO.

A Reservation Station for the Cuban Juntas—May Recruit Secured.

ASPEN, Colo., Dec. 5.—Aspen seems to be one of the recruiting points of the Cuban junta. If the name of the man whose name is Ralston is correct, he claims that he is in the interest of the New York office of the junta, and it is his business to recruit men for the junta. He is securing the names of men who are willing to cast their fate with the struggling patriots. The names are sent to the metropolis and later advanced on trans-Atlantic steamship to the men for the to the coast and hence to Cuba on some filibustering expedition. Fifty men are to be enlisted from this place. Missouri, Kansas and other places have been worked by agents of the Cuban junta.

### A Price on His Head.

JACKSONVILLE, Fla., Dec. 5.—The famous tug Commodore, which has been lying in the river here under the guns of the revenue cutter, has received permission to clear as a non-tariff boat, under certain rigid restrictions. Correspondent Scoop, who will be on the boat, has the recognition, sure.

Friday said that congress will recognize the belligerent rights of the Cuban junta.

NEW YORK, Dec. 5.—A company of Cuban rebels, who are all of whom will be thrown out of employment.

### Daughters of Cuban Rebels.

NEW YORK, Dec. 5.—The daughters of Cuban rebels, who are all of whom will be thrown out of employment.

NEW YORK, Dec. 5.—A constant police force is on duty in this city Friday to raise money for the relief of wounded and starving Cuban soldiers. There was a large attendance, with every promise of getting considerable money for the struggling Cubans.

### Lincoln, Neb., Dec. 5.—The west Lincoln packing houses which were closed down last July will resume operations on an extensive scale beginning the first of next week. The revived industry means employment for 100 men for many months.

NEW YORK, Dec. 5.—A northeast gale is prevailing in the English channel and the North sea, and a tremendous sea is running. Many casualties have been reported. The historic ship pier at Brighton, which was erected in 1888, has been demolished.

## IN THE COURTS.

Sharkey's Ten Thousand Dollar Purse Tied Up.

A Restraining Order Issued by Superior Judge Sanderson.

Fitzsimmons Asks the Court to Hold the Check Until a Decision on the Merits of the Case Could Be Reached—Earp Arrested for Carrying a Gun.

SAN FRANCISCO, Dec. 5.—All day Friday discussion raged as to whether Fitzsimmons' suit Sharkey's purse tied up. Everybody had formed an opinion and everybody was most anxious to express it. A large number sided with the Corralito man and professed their belief that he was the victim of a deliberate plot on the part of the National club managers and referees. Wyatt Earp to whom the decision was left, said that he saw the foul and that Earp's decision was strictly just.

Having ordered the Anglo-California bank to refuse payment on the check, Earp then turned to the court and ordered to decide the single critical issue in the case. When the decision and the individual opinions of the physicians were known, J. J. Gordon and G. C. Gibbs, presidents of the National Athletic club, addressed the court authorizing the bank to pay Sharkey the disputed money.

This would settle the matter if it were not for the Superior Judge Sanderson upon the bench.

Fitzsimmons asked the superior court to take the check for \$10,000 into its possession until a decision could be rendered.

In his complaint Fitzsimmons alleges on information and belief that Sharkey, Earp and the National Athletic club conspired to defraud him out of a rightful decision; that he showed greater skill in the contest.

The case of Wyatt Earp, who referred the Fitzsimmons-Sheriff fight Wednesday night, and who was arrested on suspicion of carrying a concealed weapon, and who was compelled to hand over to Police Capt. Tittman at the ring side, was called in a court of law Friday morning, but at the request of Earp's attorney the latter was continued until Friday next.

Danny Lynch, manager of Sailor Sharkey, walked into the Anglo-California bank shortly after it opened Friday morning and paid the \$10,000 check.

He was referred to Manager Lillenthal, who said that the check could not be paid owing to an injunction.

Lynch met with him and said that if he refused to hand over the money he would immediately bring suit and ask for heavy damages.

Lillenthal told him he could do nothing in the matter and to go ahead with his suit.

Lynch therefore turned on his heel and left the place.

Raiders Ride.

4. Tolgate on the Weston Pike Destroyed by Fire—Keeper Escapes Unhurt.

FRANKFORT, Ky., Dec. 5.—Raiders burned a tollhouse on the Weston Pike, occupied by former County Superintendent of Schools Thomas Hollister.

Hollister was aroused by a volley of shots after his house had been fired.

He escaped uninjured. He is a one-armed man. The turnpike stockholders failed to put in appearance at a meeting to have been held Friday, but no one of them detected his absence after the raid.

Secretary Francis calls the attention of congress to the necessity of legislation looking to the reclaiming of arid lands, and says that of the 500,000,000 acres of arid land in the West, 100,000,000 acres might be reclaimed by the conservation of water; but it is impossible under the laws in operation to cancel the reclaims of the arid regions so as to prevent the improvidence of water over which the general government has no control.

No steps have been taken to make allotments to the Wichita Indians, as the act of congress left these to the discretion of the Commissioner.

Regarding the opening of what is known as the leased district of the Choctaw and Chickasaw Indians, which is now before the court of claims, he says that if the allotments were made and the balance of the land opened before a decision is rendered upon the claim of the Choctaws and Chickasaws, the government would be placing the Indians upon land under cultivation which would involve the transfer of a good title and also throwing open the land to settlement, when in point of fact it did not have a clear title thereto. He recommends that all the Oklahoma Indians be placed upon the same basis as the Choctaws and Chickasaws.

Secretary Francis is of the opinion that the pension question he says that about 97,078 persons are drawing about \$140,000,000 per annum in pensions and the branch of the service should be conducted with great care and economy. He says that the pension bill shows that the total amount paid out by the government in pensions and the cost of disbursing the same during the last 31 years was \$2,034,717,769, which includes only \$30,470,712,529.99 of being sent to Boston, New York and Chicago.

The Indians he says are occupying land which should be protected from the greater machinations of unscrupulous men. He recommends that the Indian bureau should be conducted by a commission of three members, two to be civilians and one a military officer.

He has decided to patent lands to the Union Pacific railroad or the Central Pacific railroad in cases where it can be shown that the lands which are held by the Indians are held to be bona fide purchasers.
